Product Description:

These high-resolution labels are made from Thermal Paper, which is specifically designed for use with Direct Thermal printing technology. This ensures that your labels are sharp, clear, and easy to read, making them perfect for a wide range of applications. The Thermal Paper Label product is also designed with a Thermal Adhesive, which ensures that your labels will stick securely to any surface. This makes it the perfect choice for labeling products, packaging, shipping containers, and more. Our Thermal Label product is designed to withstand a wide range of temperatures, from -20°C to 80°C. This means that your labels will remain legible and easy to read, even in extreme temperatures. Whether you are looking for a reliable labeling solution for your business or simply need high-quality labels for personal use, our Thermal Label product is the perfect choice. With its high-resolution printing technology, Thermal Paper material, and Thermal Adhesive, you can be sure that your labels will look great and stay in place, no matter what.

- Product Type: Label
- Printing Technology: Direct Thermal
- Good ink absorption label
- Waterproof and Flexible labels

Technical Parameters:

Attribute	Description
Material	Thermal Paper
Temperature Range	-20°C to 80°C
Waterproof	Yes
Compatibility	Thermal Printers
Size	Various sizes available
Application	Shipping, Inventory, Barcode Labels
Color	White and custom color
Tear Resistant	Yes
Adhesive Type	Permanent
Printing Technology	Direct Thermal

Applications:

Our Hanbu Thermal Label Rolls are the perfect solution for your labeling needs. Made in China with ISO9001, ROHS, and CE certifications, these labels are of the highest quality. They are tear-resistant and can withstand temperatures ranging from -20°C to 80°C, making them ideal for a variety of applications. Our Thermal Label Rolls are available in various sizes and are perfect for printing barcodes, shipping labels, and other important information. They are lightweight and efficient, making them easy to use and store. Each roll is packaged with a plastic bag, ensuring the labels stay in pristine condition. Our Thermal Printing Labels are permanent, ensuring that the label will stay in place and not fall off. They are perfect for a wide range of applications such as inventory, shipping, and product labeling. The labels stick to a variety of surfaces and are easy to apply. Whether you need to label products in a warehouse, ship items to customers, or keep track of inventory, our Hanbu Thermal Label Rolls are the perfect solution. With a minimum order quantity of 2 rolls, you can order exactly what you need without any waste. Our delivery time is 4-8 working days, and we accept multiple payment methods including L/C, T/T, Western Union, and MoneyGram.
