## Product Description

### Water Resistant Tear Resistant Labels / High Resolution Labels For Crisp Barcode Prints

#### Product Description:

Our labels are compatible with both thermal and direct thermal printing technologies, making them versatile and easy to use. You can expect high resolution printing for clear barcode scanning, ensuring that your packages are easily trackable along every step of the delivery process.

Our labels are designed to be highly durable, with water-resistant and tear-resistant properties. This ensures that your labels remain legible and intact, even in harsh shipping conditions.

Our shipment label product is globally applicable, as it complies with international shipping standards and postal requirements. This makes it easy for you to ship your packages across borders without any issues or delays.

Our labels contain all the necessary information fields, including the sender's address, recipient's address, tracking barcode, shipping method, and possibly other custom fields. This ensures that your packages are delivered to their intended recipients with accuracy and efficiency.

When it comes to shipping, every detail counts. That's why our UPS labels are an essential tool for any business that values efficiency and accuracy in their shipping processes. Our delivery label product is a reliable and cost-effective solution to ensure that your packages are delivered on time and in good condition.

#### Features:

Product Name: Shipping label

Environmental Characteristics: May Use Recyclable Materials Or Be Designed To Reduce Environmental Impact

Size: Typically 4 Inches By 6 Inches (standard Size) And Customizable

Global Applicability: Compliance With International Shipping Standards And Postal Requirements

Material: Paper Or Synthetic (e.g., Polypropylene)

Ease of Use: User-friendly Application And Compatibility With Standard Printing Equipment

Our Shipping label product is perfect for all your freight label, package label, and shipping needs. It is customizable and can be made using recyclable materials to reduce environmental impact. With compliance with international shipping standards and postal requirements, it is globally applicable. The label is made of paper or synthetic material, such as polypropylene, and is user-friendly and compatible with standard printing equipment.

#### Technical Parameters:

Technical Parameter	Description
Size	Typically 4 inches by 6 inches (standard size) and customizable
Print Resolution	High resolution for clear barcode scanning
Global Applicability	Compliance with international shipping standards and postal requirements
Ease of Use	User-friendly application and compatibility with standard printing equipment
Adhesive	Permanent adhesive backing
Durability	Water-resistant, tear-resistant
Material	Paper or synthetic (e.g., polypropylene)
Label Type	Shipping label
Information Fields	Includes sender's address, recipient's address, tracking barcode, shipping method, and possibly other custom fields
Printing Technology	Thermal or direct thermal printing
Package Label	Recyclable labels
Environmental Labels	Recyclable labels

Strong adhesion guarantees  
that the label will not  
fall off

Suitable for Multiple  
Packages

### Applications:

Our shipping labels are compatible with standard printing equipment and are user-friendly, making the application process hassle-free. The permanent adhesive backing ensures that the label will stay in place throughout the shipping process.

With Hanbu Shipping Labels, you can customize the size of your labels to meet your specific needs. Our standard size is typically 4 inches by 6 inches, but we offer customizable options as well.

Our labels include fields for the sender's address, recipient's address, tracking barcode, shipping method, and other custom fields as needed. This ensures that all necessary information is clearly displayed on the label, making it easier for both the sender and recipient to track the parcel.

Our labels are certified with ISO9001, ROHS, and CE, ensuring the highest quality standards are met.

We offer a minimum order quantity of 1 and each roll comes with plastic bag packaging. Delivery time is between 4-8 working days and we accept various payment terms including L/C, T/T, Western Union, and MoneyGram.

Our high-resolution print ensures clear barcode scanning, making it easier for shipping companies such as UPS to track the parcel.

In conclusion, Hanbu Shipping Labels are the perfect solution for all your parcel labeling needs. With our tear-resistant labels, user-friendly application, and compatibility with standard printing equipment, you can rest assured that your parcel will arrive at its destination with ease.
