Water Resistant Tear Resistant Resolution Paper Or Polypropylene Direct Thermal Recyclable Labels

Product Description:

Introducing our Shipping Label product, the perfect solution for your packaging needs. Our labels are designed for use by shipping carriers such as USPS, FedEx, and UPS. These custom dispatch labels are 6 inches in size, making them perfect for attaching to packages for sorting, tracking, and delivery.

Our Shipping Labels are available with both thermal and direct thermal printing technology. This means that you can choose the option that best suits your needs. The thermal printing option is perfect for high volume printing, while the direct thermal printing option is ideal for low volume or occasional printing needs.

Our labels are also designed with the environment in mind. We understand the importance of using recyclable materials and reducing our environmental impact. Our Shipping Labels are made with materials that may be recycled, and are designed to reduce waste and minimize our carbon footprint.

Our Shipping Labels are water-resistant, ensuring that they will stay in place and remain legible even in wet conditions. This is a key feature that makes our labels stand out from others on the market. With our water-resistant labels, you can be confident that your package will arrive at its destination with its label intact and readable.

Our Shipping Labels are fully customizable, allowing you to add logos, special instructions, or additional information as needed. This is a great way to personalize your packaging and make it stand out from the crowd. With our customization options, you can create a unique label that reflects your brand and your message.

In summary, our Shipping Label product is a high-quality solution for your packaging needs. With both thermal and direct thermal printing options, recyclable materials, water-resistant labels, and full customizability, our labels are the perfect choice for any business or individual who needs to ship packages. Order yours today and experience the difference!

Printing Technology	Thermal or direct thermal printing
Durability	Water-resistant, tear-resistant
Print Resolution	High resolution for clear barcode scanning
Adhesive	Permanent adhesive backing
Environmental Characteristics	May use recyclable materials or be designed to reduce environmental impact

Strong adhesion guarantees
that the label will not
fall off

Suitable for Multiple
Packages

Applications:

The Shipping label product is perfect for use in the shipping industry. It is suitable for labeling packages, cartons, and pallets. The label is typically 4 inches by 6 inches, making it the standard size for most postage labels. However, it is also customizable to fit the specific needs of the customer.

The Shipment label product is designed with a permanent adhesive backing, ensuring that it stays in place during transit. The label is water-resistant and tear-resistant, making it durable enough to withstand harsh shipping environments.

Hanbu's Shipping label product is also environmentally friendly. It may use recyclable materials or be designed to reduce environmental impact. This makes it an ideal choice for businesses looking to reduce their carbon footprint.

The Parcel label product is customizable and can be printed with logos, special instructions, or additional information as needed. This feature allows businesses to create a unique and professional appearance for their packages.

The Shipping label product is manufactured in China and is ISO9001, ROHS, and CE certified, ensuring its high quality. It comes packaged in a plastic bag, with each roll containing multiple labels. The minimum order quantity is one roll.

The Shipping label product has a fast delivery time of 4-8 working days. Payment terms include L/C, T/T, Western Union, and MoneyGram.

In conclusion, Hanbu's Shipping label product is a versatile and reliable solution for all your labeling needs. Whether you are shipping products for your business or sending a package to a loved one, this product is the perfect choice for you.
