Product Description

Product Description:

Our Shipping Labels are compatible with both thermal and direct thermal printing technologies, making it easy for you to print out your labels with any standard printing equipment. Our user-friendly application ensures that you can quickly and easily create your labels without any hassle.

Our Shipping Labels are available in both paper and synthetic materials such as polypropylene, giving you the flexibility to choose the material that best suits your needs. Our high-resolution printing technology ensures that your labels are clear and crisp, making it easy for barcode scanners to read and track your packages with ease.

Our standard size for Shipping Labels is typically 4 inches by 6 inches, which is the standard size for Delivery Labels and UPS labels. However, we also offer customizable sizes to meet your specific needs.

Our Shipping Labels are perfect for businesses of all sizes, from small startups to large corporations. With our high-quality labels, you can be sure that your packages will arrive at their destination with ease and without any issues.

These technical parameters describe waterproof labels, postage labels, and tear-resistant labels used for shipping.

Strong adhesion guarantees  
that the label will not  
fall off

Suitable for Multiple  
Packages

### Applications:

Hanbu Shipping label is a versatile product that is ideal for a variety of shipping and logistics applications. These labels are designed to be durable, easy to use, and compatible with standard printing equipment. They are made from high-quality paper or synthetic materials, such as polypropylene, ensuring that they are tough and tear-resistant.

Hanbu Shipping labels are environmentally-friendly labels. They are certified with ISO9001, ROHS, and CE certificates, ensuring that they meet the highest standards of quality and safety.

Hanbu Shipping labels are available in a range of sizes, with the 6 inches label being the most popular. They are designed to be user-friendly and easy to apply to packages. Each roll comes with a plastic bag package, ensuring that they are easy to store and handle.

Hanbu Shipping labels are perfect for a range of product application occasions and scenarios. They can be used by small businesses, e-commerce platforms, or large corporations, as they are suitable for sorting, tracking, and delivery by shipping carriers such as USPS, FedEx, and UPS.

Hanbu Shipping labels have high resolution for clear barcode scanning, ensuring that your packages can be easily tracked and delivered. They include information fields for the sender's address, recipient's address, tracking barcode, shipping method, and possibly other custom fields.

Hanbu Shipping labels have a minimum order quantity of just one, making them ideal for businesses of all sizes. They are also known for their fast delivery time, with packages typically arriving within 4-8 working days. Hanbu Shipping labels can be purchased using a variety of payment methods, including L/C, T/T, Western Union, and MoneyGram.
