Friendly Water Resistant Labels Tear Resistant Labels Tracking Barcode

Product Description:

The label includes all the necessary information fields such as the Sender's Address, Recipient's Address, Tracking Barcode, Shipping Method, and possibly other custom fields. This ensures that your package is accurately labeled and reaches its destination without any delays or confusion. Our Shipping Label product is compatible with UPS labels and can be used for a variety of shipping methods. Durability is a top priority with our Shipping Label product. Our labels are water-resistant and tear-resistant, ensuring that they can withstand the wear and tear of the shipping process. You can trust that your label will stay intact and legible throughout the entire journey of your package.

Our labels are typically 4 inches by 6 inches, the standard size for shipping labels. However, we offer customization options to meet your specific needs. You can create a custom dispatch label with your company's logo or color scheme to make your brand stand out. We understand the importance of sustainability and reducing our environmental impact. That's why our Shipping Label product may use recyclable materials and is designed to be environmentally friendly. You can trust that you are making a responsible choice when choosing our product for your shipping needs.

Our labels use thermal or direct thermal printing technology, ensuring a high-quality print that is easy to read and scan. This technology also ensures that your labels will not smudge or fade.

In conclusion, our Shipping Label product is the perfect solution for all your logistical needs. It includes all the necessary information fields, is durable, customizable, environmentally friendly, and uses high-quality printing technology. Whether you are shipping products for your business or personal use, our Logistics Label product is the ideal choice for all your shipping needs.

fall off

Suitable for Multiple
Packages

Applications:

The Hanbu Shipping Labels come in a standard size of 4 inches by 6 inches, which is the most widely used size for parcel labels. However, they are customizable, allowing you to add any other custom fields you may need. These labels include fields for the sender's and recipient's addresses, tracking barcode, and shipping method, making it easy to track your packages and ensure they reach their destination safely.

The Hanbu Shipping Labels are packaged in plastic bags, ensuring that they remain in good condition during shipping and storage. They are also easy to use, with a user-friendly application that is compatible with standard printing equipment. This makes it simple to print labels from your computer or mobile device and attach them to your packages.

These shipping labels are suitable for a range of occasions and scenarios, including sending packages for personal or business use. They are ideal for online retailers, eBay sellers, small businesses, and individuals who need to send parcels. With a delivery time of 4 - 8 working days and payment terms including L/C, T/T, Western Union, and MoneyGram, the Hanbu Shipping Labels are a convenient and reliable choice.

In conclusion, the Hanbu Shipping Labels are an essential tool for anyone who needs to send parcels. With their compliance with international shipping standards, ease of use, and customizable options, these labels are perfect for a wide range of occasions and scenarios. Whether you need to send packages for personal or business use, the Hanbu Shipping Labels are the perfect choice for you.
