Product Description

Waterproof Black And Red Diagonal Stripes Paper Adhesive Warnings / Custom Warning Labels

Product Description:

Our team of experts is available 24 hours a day, 7 days a week to provide you with the best service possible. We understand how important it is to have reliable and prompt assistance when it comes to safety, and we are committed to ensuring that you have access to it at all times.

The design of our caution labels is a classic black and red diagonal stripe pattern that is universally recognized as a warning sign.

However, we also offer custom printing options to ensure that your specific needs are met. Whether you require a specific message or logo, our team of designers will work with you to create the perfect alert tag.

We understand that color plays a crucial role in safety and warning labels, which is why we offer custom color options for our labels. This allows you to match the color of your label to the environment it will be placed in, ensuring that it stands out and catches the attention of those who need to be warned.

Our warning labels are made from high-quality paper, ensuring durability and longevity. They are designed to withstand common wear and tear, as well as exposure to the elements, making them ideal for indoor and outdoor use.

Our caution labels are an essential tool for preventing accidents and injuries in any environment. They are particularly useful for identifying electrical shock hazard labels, which can save lives in industrial and construction settings.

Overall, our Warning Label product is the perfect solution for anyone looking to prioritize safety and caution in their environment. With our 15 years of experience, 24/7 service, custom design and color options, and high-quality materials, you can rest assured that you are getting the best warning label product on the market.

Applications:

Hanbu's Warning Labels are designed to draw attention to potential hazards or dangerous situations. These alert tags can be used in a wide range of industries and scenarios, making them a valuable addition to any workplace or environment.

The attention markers label is ideal for use in construction sites, factories, and warehouses where heavy machinery and equipment are present. The bright and bold design catches the eye, warning workers and visitors of potential hazards in the area.

Slippery surface warning tags are perfect for use in areas where floors may become wet or slippery, such as swimming pools, locker rooms, and kitchens. The black and red diagonal stripes design is instantly recognizable, ensuring that people take extra care when

walking in the area.

Hanbu's Warning Labels are suitable for both indoor and outdoor use, and the color can be customized to match the surroundings. The labels are made in China and have received ISO9001, ROHS, and CE certifications, ensuring their quality and safety.

Each roll of warning labels comes with plastic bag packaging, with a minimum order quantity of 1 roll. Delivery time is 4-8 working days, and payment terms include L/C, T/T, Western Union, and MoneyGram.

Hanbu has been in the factory for 15 years, and we offer 24-hour online service to assist with any questions or concerns. The printed design of the warning labels can be customized to include company logos or specific warnings.
