### Applications:

The Hanbu Warning Label is a versatile product that can be used in various occasions and scenarios. With its strong adhesive and permanent hold, this label is perfect for warning symbols labels, no smoking warning stickers, and slippery surface warning tags. The Hanbu Warning Label is perfect for use in industrial and commercial settings that require clear and concise warning signs. These labels can be used on machinery, equipment, and vehicles to warn workers of potential hazards. They can also be used in public spaces such as parks, shopping centers, and schools to warn people of potential dangers. The Hanbu Warning Label is also useful for construction sites, where safety is of the utmost importance. These labels can be used to

warn workers and visitors of potential hazards such as falling debris, slippery surfaces, and electrical hazards.

The Hanbu Warning Label is excellent for use in factories and manufacturing plants. These labels can be used to warn workers of potential dangers in the workplace, such as chemical spills, fire hazards, and machinery that may cause injury.

The Hanbu Warning Label is also perfect for use in retail settings. These labels can be used to warn customers of potential hazards, such as wet floors or stairs that may be slippery. They can also be used to warn customers of other potential hazards such as sharp corners or low-hanging objects.

The Hanbu Warning Label is a high-quality product that is made in China and has been certified with ISO9001, ROHS, and CE. It is available for a minimum order quantity of 1, and each roll comes with plastic bag packaging. Delivery time is 4-8 working days, and payment can be made via L/C, T/T, Western Union, or MoneyGram.

The Hanbu Warning Label features a black and red diagonal stripe design, but custom designs are also available. Custom colors can also be chosen, making it easy to match the label to the surroundings. With 24-hour on-line service, the Hanbu Warning Label is a reliable and convenient choice for those who need to warn of potential hazards.
