Eco Friendly Shipping Labels For Standard Printers

Product Description:

Our shipping labels are designed to provide you with a reliable and efficient solution for all your shipping needs. Whether you need a freight label, FedEx label, or parcel label, our product has you covered.

Our shipping labels come in a standard size of 4 inches by 6 inches, but can be customized to fit your specific requirements. They feature a permanent adhesive backing that ensures the label stays in place during transit.

Our shipping labels are also water-resistant and tear-resistant, making them suitable for use in all kinds of environments. You can rest assured that your label will remain intact and legible, even if it gets wet or damaged.

In addition to the sender's address, recipient's address, tracking barcode, and shipping method, our shipping labels can also include other custom fields to meet your specific needs. This ensures that all the necessary information is included on the label, making it easier for your package to be delivered to the correct destination.

We are committed to reducing our environmental impact, which is why our shipping labels are designed to be eco-friendly. They may use recyclable materials or be made with materials that are designed to reduce waste and energy consumption.

Overall, our shipping label product is an excellent choice for anyone who needs a reliable and customizable solution for their shipping needs. With its durable and water-resistant design, you can be sure that your label will stay intact during transit, and with its customizable fields, you can include all the necessary information to ensure your package is delivered to the correct destination.

Print Resolution	High Resolution For Clear Barcode Scanning
Global Applicability	Compliance With International Shipping Standards And Postal Requirements
Material	Paper Or Synthetic (e.g., Polypropylene)

Strong adhesion guarantees
that the label will not
fall off

Suitable for Multiple
Packages

Applications:

These labels are perfect for any business or individual who frequently ships packages and wants to ensure their items arrive at their destination quickly and efficiently. With a size of typically 4 inches by 6 inches, these labels are the standard size for most shipping labels and can be customized with logos, special instructions, or additional information as needed.

Made in China, these labels are certified with ISO9001, ROHS, and CE, ensuring their quality and reliability. Each roll comes with plastic bag packaging, making them easy to store and use whenever necessary. Plus, with a minimum order quantity of only 1, you can order as many or as few as you need.

But what really sets these labels apart is their durability. They are water-resistant and tear-resistant, meaning they can withstand the rough handling and unpredictable weather conditions that often come with the shipping process. You won't have to worry about your label falling off or becoming illegible mid-shipment.

These labels are perfect for attaching to packages for sorting, tracking, and delivery by shipping carriers like USPS, FedEx, and UPS.

They are designed to reduce environmental impact and may even use recyclable materials, making them a great choice for environmentally conscious individuals and businesses alike.

Ordering is easy with multiple payment options including L/C, T/T, Western Union, and MoneyGram. Plus, with a delivery time of only 4-8 working days, you won't have to wait long to start using your new shipment labels.

Don't let lost or delayed packages be a worry anymore. Invest in Hanbu's tear-resistant labels today and ensure your packages arrive safely and on time!
