- Highlight: **100mmx150mm Thermal Label Stickers,**

Product Description

100mm*150mm Thermal Label Stickers Shipping Labels Self-Adhesive Thermal Printer Label Rolls

Product Description:

Our Shipping Labels come with a range of information fields that allow you to include the Sender's Address, Recipient's Address, Tracking Barcode, Shipping Method, and other custom fields as needed. This makes it easy to keep track of all your deliveries and ensure they arrive at their destination safely and on time.

Our Shipping Labels also come with a permanent adhesive backing, ensuring that they stay securely attached to your packages, even during transit. This means you can have peace of mind knowing that your Address Labels will not fall off or become lost in transit. The standard size for our Shipping Labels is typically 4 inches by 6 inches, making them easy to read and customizable to meet your specific needs. You can even print your custom designs directly onto the label, making them perfect for branding and marketing purposes. Our Shipping Labels use either Thermal or Direct Thermal Printing technology, ensuring that your labels are always clear, crisp, and easy to read. This makes them ideal for use in busy warehouses and shipping centers, where time is of the essence and accuracy is crucial. Our Shipping Labels are also incredibly durable, thanks to their water-resistant and tear-resistant properties. This means that even in the harshest of conditions, your Logistics Labels will remain intact and legible, ensuring that your shipments arrive safely and on time. Overall, our Shipping Labels are the perfect solution for anyone looking for a high-quality, reliable, and customizable way to label their packages and shipments. Whether you are running a small business or managing a large warehouse, our Shipping Labels are sure to meet your needs and exceed your expectations.

Product Application Occasions and Scenarios:

The Hanbu Shipping Label is a custom dispatch label that can be used in a variety of shipping scenarios. Whether you are sending packages to customers, shipping products to retailers, or moving goods between warehouses, this label can help you keep track of your shipments and ensure they arrive at their destination on time and in good condition.

One of the key advantages of the Hanbu Shipping Label is its environmental characteristics. The label may use recyclable materials or be designed to reduce environmental impact, making it a great choice for companies that prioritize sustainability. Moreover, the label features a permanent adhesive backing that ensures it stays in place during shipping, making it reliable and user-friendly.

The Hanbu Shipping Label is compatible with standard printing equipment, which means that you can easily create and print your labels in-house. The label includes fields for the sender's address, recipient's address, tracking barcode, shipping method, and possibly other custom fields, allowing you to customize your labels to meet your specific needs. Plus, the label is typically 4 inches by 6 inches, which is the standard size for shipping labels, and is fully customizable to fit your unique requirements.

Overall, the Hanbu Shipping Label is an ideal solution for companies that are looking for a reliable, user-friendly, and environmentally-friendly shipment label. With its customizable fields, ease of use, and permanent adhesive backing, it can help you streamline your shipping processes and ensure your packages arrive at their destination on time and in good condition.
