Direct Blank Shipping Label Roll Barcode A6 Printer Thermal Sticker Paper 100x150mm Waybill Sticker

Product Description:

Our Thermal Self Adhesive Labels are fade-resistant, smudge-proof, and moisture-resistant, ensuring that your labels remain legible and intact for extended periods. These attributes make them ideal for use in a variety of environments, including warehouses, shipping centers, and factories.

Our Thermal Self Adhesive Labels are also recyclable thermal labels, making them an eco-friendly option for your labeling needs. These labels are certified by the FDA and RoHS, ensuring that they are safe for use in all industries.

The strong adhesive used in our Thermal Self Adhesive Labels ensures that they remain firmly affixed to your products, boxes, or containers. They are perfect for use on a wide range of surfaces, including plastic, cardboard, and metal.

The high-definition print resolution of our Thermal Self Adhesive Labels ensures that your labels are easy to read and of the highest quality possible. This feature makes them ideal for use in applications that require clear and precise labeling, such as product identification and barcoding.

Each roll of our Thermal Self Adhesive Labels contains one quantity, making it easy to order the exact number of labels that you need. Choose our Thermal Self Adhesive Labels for your labeling needs, and enjoy the durability, high-resolution printing, and eco-friendly attributes that they provide. Try them out today and experience the difference that they make in your labeling process.
