Product Description

Thermal Barcode Label Printer And Software For Super Market Business Sticker Printer

Product Description:

Featuring two print resolutions - 203 Dpi and 300 Dpi - this barcode printer is perfect for printing high-quality barcodes with ease. Whether you need to print barcodes for shipping labels, inventory tracking, or any other purpose, this printer has you covered.

The Barcode Printer is also incredibly versatile when it comes to media width. It can print on media as narrow as 32mm and as wide as 118mm, making it perfect for a wide range of label sizes. And, with its easy paper loading, you'll never have to worry about wasting time or effort when loading new paper rolls.

At just 2.1kg in weight, this barcode printer is also incredibly portable. Take it with you on the go and print labels wherever you need them, or keep it at your desk for easy access whenever you need to print new labels. And, with its thermal label type, you can be sure that your labels will be sharp, crisp, and easy to read.

Don't settle for anything less than the best when it comes to barcode printing. Choose the Barcode Printer for high-quality, versatile, and reliable label printing.

Features:

Product Name: Barcode label printer

Weight: 2.1kg

Paper Load: Easy Paper Loading

Printing Width: 108mm

Print Resolution: 203 Dpi, 300 Dpi

Typmax Paper Size: 118mm

This Barcode label printer is a reliable and efficient machine for printing high-quality labels. It is lightweight, weighing only 2.1kg, and has easy paper loading for quick and convenient use. With a printing width of 108mm and print resolutions of 203 Dpi and 300 Dpi, you can produce clear and precise labels every time. The Typmax paper size is 118mm, making it perfect for a variety of label sizes. This Barcode label printer is a must-have for any business that needs to print labels quickly and accurately. It can be used in conjunction with 2D Barcode Scanners to create a complete Barcode Printer Machine setup.
