Packaging Labels Wax Ribbon Thermal Transfer Printer Ribbon

Product Description:

Each ribbon in our collection measures 100 meters in length and boasts exceptional durability, ensuring that your printed materials look great for longer. Thanks to their long-lasting formula, you can feel confident using these ribbons for your most important printing projects without worrying about fading or smudging.

Our Wax-Resin Ribbons are designed for use with low-resolution printers, so they're perfect for printing barcodes, labels, and other important information. And with a core diameter of 1 inch, they'll fit perfectly with most printers on the market today.

These thermal transfer ribbons are an excellent choice for businesses that need to produce high-quality printed materials on a regular basis. Whether you're printing product labels, shipping labels, or other important documents, our Wax-Resin Ribbons will help you get the job done right.

So why wait? Shop our selection of Wax-Resin Ribbons today and see the difference for yourself. With their long-lasting formula, smooth surface compatibility, and low-resolution printing capabilities, these ribbons are the perfect choice for any business that needs to produce high-quality printed materials on a regular basis.

### Applications:

Our low-resolution ribbons are ideal for applications where you need to print text or simple graphics. These ribbons are perfect for use in retail stores, warehouses, and other settings where you need to quickly and efficiently print labels, shipping documents, and other important information.

If you need a higher level of resolution, our thermal transfer ribbons are the perfect choice. These ribbons are designed to work with thermal transfer printers and offer excellent print quality for a wide range of applications. Whether you need to print barcodes, graphics, or text, our thermal transfer ribbons will get the job done.

Need a custom printed ribbon? We've got you covered! Our printer ribbons can be customized to meet your specific needs, with a wide range of colors, sizes, and materials available. Whether you need a custom ribbon for a special event or for everyday use, we can help. Our printer ribbons are made in China and are certified to meet ISO9001, ROHS, and CE standards. We have a minimum order quantity of 1, and each roll is packaged in a plastic bag for easy storage and transportation. Delivery time is typically 4-8 working days, and we accept a variety of payment methods, including L/C, T/T, Western Union, and MoneyGram.

Our printer ribbons are designed to work with a variety of surfaces, including smooth surfaces like paper, plastic, and metal. With a ribbon width of 4 inches and a ribbon length of 100 meters, our printer ribbons offer excellent value and are a cost-effective solution for your printing needs. And with a high-density resin ink, our printer ribbons offer excellent print quality and adhesive strength, ensuring that your labels and documents will stay in place.
