Product Description

Round Stickers Waterproof Label Synthetic Paper Round Label Sticker Circle Sticker For Packaging

Product Description:

Our Synthetic Labels are made from synthetic materials such as polypropylene, polyester, vinyl, or similar. This makes them incredibly strong and able to adhere securely to various surfaces, both smooth and uneven. Whether you need to label products, equipment, or anything else, our Synthetic Labels will get the job done.

Our Synthetic Labels can be applied manually or using labeling equipment, depending on the adhesive type. They're often coated for enhanced durability and protection, ensuring that your labels stay in place and remain legible for as long as you need them to.

One of the key benefits of our Synthetic Labels is their water resistance. They're resistant to water and moisture, making them ideal for outdoor use and other applications where moisture may be present. This makes our Synthetic Labels a great choice for everything from labeling products that will be stored outside to labeling equipment that will be used in wet environments.

Overall, our Synthetic Label product is a great choice for anyone looking for non-paper labels that are durable, water-resistant, and able to adhere securely to a variety of surfaces. Whether you need vinyl labels for outdoor use or durable labels for labeling equipment, we've got you covered.

Features:

Product Name: Synthetic Label

Color: White

Adhesive: Strong Adhesive Backing That Adheres Securely To Various Surfaces, Including Smooth And Uneven Surfaces

Thickness: Generally Thicker Than Paper Labels, Providing Added Durability

Durability: Highly Durable And Resistant To Tearing

Coating: Often Coated For Enhanced Durability And Protection

Looking for waterproof labels? Try our Synthetic Label product! As one of the leading synthetic label suppliers, we offer highly durable labels that are resistant to tearing and provide added longevity. Our strong adhesive backing adheres securely to various surfaces, including smooth and uneven surfaces. Additionally, our synthetic labels are often coated for enhanced durability and protection.

Technical Parameters:

| | |
|-----------------------|---|
| Adhesive Type: | Permanent |
| Coating: | Often Coated For Enhanced Durability And Protection |
| Type: | Label |
| Water Resistance: | Resistant To Water And Moisture, Suitable For Outdoor Use |

| Color: | White |
| Material: | Synthetic |
| Adhesive: | Strong Adhesive Backing That Adheres Securely To Various Surfaces, Including Smooth And Uneven Surfaces |
| Material Composition: | Made From Synthetic Materials Such As Polypropylene, Polyester, Vinyl, Or Similar |
| Thickness: | Generally Thicker Than Paper Labels, Providing Added Durability |

Applications:

Our synthetic labels are a great choice for a variety of product application occasions and scenarios. They are perfect for use in harsh environments where traditional paper labels may not hold up. Our synthetic labels are generally thicker than paper labels, providing added durability and quality.

Our synthetic labels are highly durable and resistant to tearing, making them a great choice for products that require a label that can withstand the test of time. They are also resistant to fading and deterioration caused by UV light exposure, making them ideal for products that will be exposed to sunlight or other UV light sources.

Whether you need labels for industrial equipment, electrical appliances, or other products, Hanbu's synthetic labels are an excellent choice. Our labels feature a permanent adhesive type, ensuring they will stay in place for the life of the product.

When you order from Hanbu, you can expect fast delivery times of just 4-8 working days. We have a minimum order quantity of just 1, making it easy for businesses of all sizes to order from us. Our labels come packaged in plastic bags for easy storage and organization. We accept a variety of payment terms, including L/C, T/T, Western Union, and MoneyGram, making it easy for you to pay for your order. Choose Hanbu for your synthetic label needs and experience the quality and durability of our vinyl labels. Contact us today to learn more about our products and services.
