Product Description

Custom Security Warning Carton Fade Heat-Resistant Material Outdoor Sunscreen Label Weatherproof Sticker

Product Description:

Our Hazardous Chemicals Labels are designed to meet OSHA and ANSI standards, making them compliant with all regulatory requirements. Each roll contains 100 labels, ensuring that you have an adequate supply to meet your workplace needs.

Each label contains critical information such as the name of the chemical, health hazard, flammability, reactivity, personal protective equipment required, as well as first aid and emergency contact information. This information is essential in ensuring the safety of all individuals in your workplace who may come into contact with dangerous goods.

These labels are ideal for use in laboratories, chemical manufacturing plants, and any other workplace where hazardous chemicals are present. By using our Hazardous Chemicals Labels, you can ensure that all chemicals are properly labeled, reducing the risk of accidents and injuries in the workplace.

Applications:

Introducing Hanbu's Hazardous Chemical Labels, the perfect solution for identifying potential hazards and communicating vital information to workers and the general public. Our chemical risk labels are designed to be used in various applications to ensure safety and compliance with industry standards.

Our chemical storage labels are an ideal way to identify hazardous chemicals and provide important information such as the chemical name, handling instructions, and potential hazards. These labels are perfect for use in laboratories, chemical storage facilities, and manufacturing plants.

Our environmental hazard communication labels are an essential tool for preventing environmental damage and complying with regulations. These labels are ideal for use in chemical plants, oil rigs, and other areas where hazardous materials are present. They provide clear instructions on proper handling, storage, and disposal of hazardous materials.

Our labels are made in China, and we pride ourselves on being certified with ISO9001, ROHS, and CE. We offer a minimum order quantity of one, and each roll comes with 100 labels. The labels are 4 inches by 6 inches, and they are available in red, black, and white or custom colors.

Our permanent adhesive ensures that the label will stay in place and remain legible, even in harsh conditions. Each roll is packaged with a plastic bag to prevent damage during shipping. We offer a delivery time of 4-8 working days and accept payment through L/C, T/T, Western Union, and MoneyGram.

Don't take risks with hazardous chemicals. Invest in Hanbu's Hazardous Chemical Labels to ensure the safety of your workers and the environment.
