Waterproof Vinyl Adhesive Sticker Safety Warning Stickers Warning Chemical Label

Product Description:

Our labels are GHS (Globally Harmonized System) compliant, making them universally recognized and easy to understand. These labels are permanent, meaning they won't fall off or peel away from their designated surface. They are perfect for use on containers, barrels, drums, and other storage vessels.

Our Hazardous Chemicals Labels are designed to withstand a range of environmental conditions. They are waterproof and resistant to chemicals, ensuring that the information remains legible and accurate even in harsh conditions. Store them in a cool, dry place to ensure maximum durability and effectiveness.

These labels are ideal for use in a variety of industries, including manufacturing, construction, and automotive. They are perfect for labeling dangerous goods, such as chemicals, solvents, and other hazardous materials.

Overall, our Hazardous Chemicals Labels are an effective way to ensure that your employees are aware of the risks associated with their work and that they have the knowledge and information necessary to work safely. Order yours today and start improving your workplace safety protocols!

## Applications:

Our Hazardous Chemicals Labels are the perfect solution for labeling chemicals in the workplace. Whether you are working in a laboratory, manufacturing facility or warehouse, our labels will provide clear and consistent communication to your employees about the dangers of the chemicals they are handling.

Our Emergency Response Labels are essential for any workplace that deals with hazardous chemicals. These labels provide clear and concise information about the potential dangers of the chemicals, as well as information on personal protective equipment and first aid measures that should be taken in case of an emergency.

Our Environmental Hazard Communication Labels are the perfect way to communicate the potential environmental impact of the chemicals to your employees. By clearly labeling the chemicals, you can ensure that your workers are aware of the potential hazards and can take steps to minimize the impact on the environment.

Our Hazardous Chemicals Labels are ISO9001, ROHS and CE certified, ensuring that you are getting a high-quality product that meets international standards. Each roll comes with plastic bag packaging, making it easy to store and transport. Our delivery time is between 4-8 working days, and we accept a variety of payment methods, including L/C, T/T, Western Union and MoneyGram.

Our labels are printed in English with a signal word of "Danger" and include information on the name of the chemical, health hazards, flammability, reactivity, personal protective equipment, first aid and emergency contact information. The labels are 4 inches x 6 inches in size, making them easy to read and use.

Our product is proudly made in China, and we have a minimum order quantity of just 1 roll. With Hanbu's Harmful Compounds Stickers, you can be confident that you are providing a safe working environment for your employees. Contact us today to place your order!
