Product Description

Product Description:

The HB-P11 comes equipped with a powerful WIFI module that supports 2.4G/5G 802.11 A/b/g/n, ensuring that your business stays connected and up-to-date with the latest technology. This feature allows you to easily connect to your business network and access the internet, making transactions and managing inventory a breeze. Whether you run a small business or a large enterprise, the HB-P11 will keep you connected and on top of your game.

The HB-P11 also features NFC capabilities, supporting ISO/IEC 14443 Type A/B and Mifare 1, making it easy to accept mobile payments. This feature allows you to quickly and securely process transactions using mobile payment apps, enhancing the customer experience and reducing checkout times. With the HB-P11, you can be sure that your customers will appreciate the convenience and speed of mobile payments, making your business more efficient and profitable.

The HB-P11 boasts a capacitive ten-point touch screen, providing a user-friendly interface that is easy to navigate and operate. This feature ensures that your employees can quickly and accurately process transactions, reducing errors and increasing efficiency. Whether you are using the HB-P11 for inventory management or checkout, the capacitive ten-point touch screen will make your job easier and more enjoyable.

The HB-P11 offers multiple connectivity options, including WiFi, Bluetooth, and NFC. This allows you to easily connect to other devices, such as printers and scanners, making it easy to manage inventory and process transactions. Whether you need to print a receipt or scan a barcode, the HB-P11 has you covered.

The HB-P11 is the ultimate Android tablet PC, offering unparalleled performance and reliability. With its powerful specifications and impressive features, the HB-P11 is the ideal choice for businesses that require a reliable and efficient point-of-sale system. Whether you run a small business or a large enterprise, the HB-P11 will help you streamline your operations, reduce costs, and increase profits.

In conclusion, the HB-P11 is one of the best Android tablet computers available on the market. Its impressive specifications and features make it the perfect choice for businesses that require a reliable and efficient point-of-sale system. Whether you are looking to streamline your operations, reduce costs, or increase profits, the HB-P11 has everything you need to succeed.

Operating System	Android 12
Processor	4 Core RK3562*2.0GHz
Storage	64GB
Screen Size	11 Inches
Certificate	CE/3CV
Connectivity	WiFi, Bluetooth,NFC
USB	USB 2.0(OTG)
NFC	ISO/IEC 14443 Type A/B,Mifare 1
Application	Retail, Restaurant, Hospital, Hospitality

Applications:

Cafes and Restaurants: The Hanbu P11 is an ideal choice for cafes and restaurants. The Android POS System can be used to take orders, process payments, and manage inventory. Its 4 Core RK3562*2.0GHz processor ensures efficient performance, while its 2.4G/5G 802.11 A/b/g/n WIFI module enables seamless connectivity. The P11's USB 2.0(OTG) port allows for the connection of peripherals such as a barcode scanner or cash drawer, making it the perfect all-in-one solution for cafes and restaurants.

Retail Stores: The Hanbu P11 is also a great choice for retail stores. With its Android 12 operating system, the P11 can be used to manage sales, inventory, and customer data. Its CE and ROHS certification ensures that it meets the highest standards of quality and safety. The P11's compact design makes it easy to use in confined spaces, while its USB 2.0(OTG) port allows for the connection of peripherals such as a receipt printer or card reader.

Mobile Sales and Service: The Hanbu P11 is perfect for businesses that require a mobile Android POS System. With its lightweight and portable design, the P11 can be used to process payments and manage inventory on the go. Its 2.4G/5G 802.11 A/b/g/n WIFI module ensures that it can be used in areas with limited connectivity. The P11's Android 12 operating system allows for the installation of a variety of apps, making it the perfect all-in-one solution for mobile sales and service.

With a minimum order quantity of 1, and a delivery time of 5-7 days, the Hanbu P11 is the perfect choice for businesses that require a reliable and efficient Android POS PC. Its CE and ROHS certification ensures that it meets the highest standards of quality and safety. Order your Hanbu P11 today and enjoy the benefits of a powerful and versatile Android POS System.

Customization:

Our tablet is certified with CE and ROHS, ensuring top-quality performance. It has a USB 2.0(OTG), making it easy for you to transfer data. Our product is manufactured in GUANGDONG and has a minimum order quantity of 1, with delivery time estimated to be 5-7 days. Customize your Android Handheld POS Terminal to meet your specific requirements and take your business to the next level!

Support and Services:

Our Tablet Pos product comes with comprehensive technical support and services to ensure smooth operation and maximum efficiency. Our team of experts is available 24/7 to assist with any technical issues or questions you may have. We provide software updates, bug fixes, and troubleshooting services to keep your system running smoothly. Additionally, we offer training programs to help you and your team get the most out of the product and improve your business operations. Our goal is to provide top-notch support and services to ensure your satisfaction and success with our product.

Packing and Shipping:

Product Packaging:

The Tablet POS comes securely packaged in a sturdy cardboard box with foam inserts to protect the device during shipping. The box also includes a power adapter, USB cable, and user manual.

Shipping:

The Tablet POS is shipped via standard ground shipping and will arrive within 5-7 business days from the date of purchase. Orders are processed within 1-2 business days and a tracking number will be provided once the item has shipped.
