Product Description

Product Description:

The Handheld POS Terminal boasts a sleek and modern design, available in four bold and vibrant colors: Black, Orange, Blue, and Purple. This POS device is not only stylish, but it is also built to last with high-quality materials and a durable construction.

With multiple storage options, the Handheld POS Terminal can meet the needs of any business. Choose between 16G or 64G of storage, depending on your requirements. This device also provides multiple connection methods, including USB, Bluetooth, NFC, Wifi, and 4G, making it easy to connect and use in any environment.

The 6 inch POS screen is the perfect size for displaying all of your products, prices, and promotions. The large, clear screen ensures that your customers can easily see and select the items that they want to purchase. The screen is also easy to navigate, thanks to the intuitive Android operating system.

One of the standout features of the Handheld POS Terminal is its 58mm thermal paper printer output type. This allows you to quickly and easily print receipts for your customers, providing them with a physical record of their purchase. The printer is also fast and efficient, ensuring that you can serve your customers quickly and efficiently.

In conclusion, the Handheld POS Terminal is a powerful and versatile device that is perfect for any business looking to streamline their operations and enhance their customer experience. With its large 6 inch POS screen, multiple storage and connection options, and fast thermal paper printer, this Android POS System is the perfect choice for any business looking to take their operations to the next level.
